CROESO ~ WELCOME

To make your stay with us as comfortable and safe as possible, we would be grateful if you could take a few minutes to read this information folder.

Situated on Lampeter High Street, our Grade II listed double-fronted property is a beautiful example of the Georgian stone home. We've put a lot of thought into our rooms, their styling, and facilities, hoping to ensure you have everything you need.

On our doorstep, we have Trinity St. David University, the Welsh Quilt Centre, Dylan Thomas trails and did you know that Lampeter is famed as the home of Welsh rugby? We're ideally situated to explore all that Wales has to offer. From the stunning Pembrokeshire coastline, sandy beaches at New Quay, Llangrannog and with the picturesque harbour village of Aberaeron only twenty minutes away, to the rugged and awe-inspiring mountains of Wales. Lampeter is situated in the westerly region of the Cambrian Mountain range, with the edge of the Brecon Beacons to the Southeast and Snowdonia to the North.

We love where we live! A special place to be and we love to see folks from all around the world calling our house home even if only for a few nights.

Feel free to reach out to us by knocking on the door at the bottom of the stairs, calling us on 01570 218608 or our mobile on 07896 323460 or sending us a text or a WhatsApp message if you have questions or concerns.

Most importantly, enjoy your stay!

Angela & Nigel

Each guest room is provided with one set of keys providing access to your room and the front door.

LUGGAGE STORAGE

There is obvious storage under the bed in Anglesey, Snowdon, and Brecon guest rooms.

For Pembroke, there is also under-bed storage but you will need to lift the Velcro flap on the side of the bed furthest from the window.

ROOM FACILITIES

TELEVISION

The guest room TVs are connected to Freeview via the aerial, and to the internet through the wi-fi. The TV is operated by using the remote controller. Turn the TV on and off using the red button at the top of the controller. Select the channel or radio station you wish to access by putting in the relevant number on the keypad or by using the 'P' rocker switch on the controller.

To access internet TV channels and the internet itself, press the 'Home' button and then use the left and right arrow keys to select the programme you want, or the web browser, from the menu. Confirm your selection by pressing the OK button.

You can access Netflix on each TV with your account login details.

COFFEE MACHINE

This makes an espresso-strength coffee which can then be topped up with hot water and milk to your preference. To make your espresso, place a cup below the dispensing nozzle. **Never operate the coffee machine without a cup placed below the dispensing nozzle.** Lift the lever and insert a capsule into the compartment. Close the lever and press the Espresso, Espresso Lungo or Caffé Lungo button (small, medium, or large coffee cup symbols). When the coffee is ready, lift the lever and the capsule falls into the used capsule container. Your espresso coffee is now ready to top up with hot water and milk according to your preferred strength and taste.

HOT WATER DISPENSER

Place a cup with a tea bag, or your espresso coffee below the dispensing nozzle. **Never operate the hot water dispenser without a cup placed below the dispensing nozzle.** Vary the amount of water to be dispensed according to your needs by adjusting the dial on the top of the machine. $\frac{3}{4}$ is about right for our cup sizes.

Press the on/off switch down to its on position. The switch will light up blue. After a short while, the selected amount of boiling water will be dispensed into the cup. If too much water is being dispensed use the Stop button on top of the machine which allows water flow to be stopped mid-cycle. The hot water dispenser is then ready to use again. If, after just having boiled, the on/off switch doesn't stay in the on position, wait a few seconds before trying it again.

MINI FRIDGE

Complimentary fresh milk is available from the fridge in the dining room. You are welcome to bring your alcoholic drinks and, as appropriate, to store them in the fridge. Wine glasses can be provided on request.

CENTRAL HEATING & COOLING FANS

Our home has a central heating system. Our guest room radiators are fitted with thermostatically controlled valves with which you can adjust the temperature. If you have any problems with the heating please let us know.

In the summer months, when the weather is very warm, we provide pedestal fans to help keep you cool. Please just ask if there is not one already in your room and you are too hot.

BEDSIDE LIGHTS

These are touch-on/off lamps and have 3 levels of brightness.

USB CHARGING POINTS

There are USB charging sockets beside the beds in each of the guest rooms.

HAIR DRYER & SHAVER SOCKETS

Hairdryers are provided in each guest room and the drawers are marked. A shaver adapter is also provided in the same drawer as the hair dryer in each room except Brecon which has a shaver socket as part of the bathroom mirror.

SHOWER MATS

There are bath mats for the floors in the ensembles as well as non-slip shower mats. We recommend that you consider using these to reduce the risk of slipping on a wet surface.

IRONING FACILITIES

An iron and ironing board are available on request. Please just ask.

ACCESSIBILITY

Our Pembroke double room on the first floor is best suited for our guests with limited mobility. There is a single step up to the ensuite shower room therefore, we have fitted a grab rail on the door frame and can also provide a half step to make accessing the bathroom, especially at night, a little easier.

SUSTAINABILITY

When we envisaged Evangelisa, we knew we wanted to build a business we could be proud of, and that meant finding ways to be environmentally responsible.

THE HOUSE

- We try to minimise our waste and recycle wherever possible. We recycle glass, paper/cardboard, plastics, batteries, and food waste, composting as much as possible on our allotment.
- We feed the birds too and make seeded fat cakes with leftover butter. We have a daily gathering of rooks, jackdaws, starlings, sparrows, blackbirds, ring-necked doves, and a robin or two.
- Our white goods are all A+ rated or above, including the dishwasher, washing machine and tumble dryer. We do all our linen laundry on-site, ensuring machines are fully loaded before use and air-dry when we can.
- Our cleaning products are environmentally friendly, cruelty-free, and vegan and our cleaning cloths are washed and reused to prevent the use of disposable cloths and wipes.
- Old bedding and towels are donated to a local animal rescue charity and items unsuitable for donating are re-used as rags.
- Guests are not required to print or show confirmations of booking.
- We ask guests if they would like a receipt and if possible, we email receipts to save paper.

IN THE ROOMS

- The welcome tray is stocked with re-useable mugs, glasses, and teaspoons to prevent the need for single-use plastic. We provide glasses in the guest bathrooms too.
- We provide refillable glass bottles of fresh milk to reduce the use of sachets.
- Our energy-efficient hot water dispensers boil four times faster than a traditional kettle and exactly the amount of water you need and not a drop more, saving energy and time.

- For long guest stays, in general, we will only change bedding once a week unless requested. Towels left hanging up will be left for your re-use and only towels left on the shower floor will be changed.
- We offer toiletries in the room in refillable dispensers so that they can be cleaned and reused for as long as possible, avoiding the need for single-use plastics.
- Our toiletries are locally sourced from Myddfai Trading Company, a social enterprise, whose mission is to provide opportunities for vulnerable people from the local community. All are cruelty-free and available to purchase from us too.
- Much of our furniture has been upcycled and we have sought to buy pre-loved where possible. We also seek to procure more sustainable products, such as pillows and duvets with fillings made from recycled materials.
- We ask you to separate your waste in your room, using the two-section bin provided for all recyclables – plastic, cardboard, paper and glass and general rubbish.
- We do not use plastic linings in our bins, instead, they are naked and green and reduce plastic waste.
- As much as possible we have installed led light bulbs and of course, when you're not in your room we hope you will remember to switch off the lights, the TV, and any other appliances.

IN THE DINING ROOM

- We request that you pre-order your breakfast which helps us to reduce unnecessary food waste as we can then just prepare the food that is to be consumed.
- We also continuously challenge ourselves to source in a more sustainable way, for example through locally sourced and fair-trade food supplies, supporting other local businesses and small holdings.
- We use fewer individually packaged items, such as table sauces and drinks, utilising refillable containers instead.
- Our dining tables have wipeable surfaces to reduce washing of table cloths and our serviettes are made from 100% recycled paper.

HAPPY HOUSE ETIQUETTE

QUIET TIMES

Our quiet hours are between midnight and 6:00 am. Please limit noise, phone calls, tv, etc... Please also keep noise to a minimum if arriving back late or leaving early so as not to disturb other guests.

SMOKING & VAPING

You are respectfully reminded that Evangelisa is a non-smoking/non-vaping establishment and we request that you refrain from smoking/vaping in any part of the house. If you are found to have been smoking in your room, we will levy a deep cleaning charge equivalent to one night's accommodation.

If you smoke in the street outside Evangelisa, we kindly request that you do so well away from the building as it affects the rooms above if their windows are open. Please dispose of your cigarette ends responsibly.

DRUGS AND ALCOHOL

The trade or use of drugs and alcohol abuse are not permitted.

BREAKAGES

We understand that sometimes accidents happen! Should you break anything please let us know immediately – if it's minor we usually won't charge. If it's a larger issue (such as the TV screen!) we would like to agree on the cost with you before you leave to avoid any issues later. Thank you.

THEFT/ LOSS & PERSONAL INJURY

We accept no responsibility for any loss, accident, personal injury, medical expenses, or property damage caused by personal negligence or by any other circumstances beyond our control.

ENJOYING YOUR TIME OUTSIDE

OVERVIEW OF THE AREA

Lampeter is ideally located as a base for walkers. Nestling in the beautiful valley of the River Teifi, with the Carmarthenshire valleys to the south, and the land gradually rising to the foothills of the Cambrian Mountains to the north and east, there is a choice of riverside walks in the Teifi and Aeron valleys, or woodland and upland walks, such as on the ridge along the Dulais Valley which takes in three Celtic Hillforts. Even the beautiful Cardigan Bay is not far away.

The historic town of Lampeter itself is a gem. An ancient borough since 1284, when it was allowed to hold fairs and markets, by the late nineteenth century it had grown into an important commercial centre, providing for all the needs of the surrounding farming communities. The town is easily accessible by road, being the main point of entry into Ceredigion from the south and south-east Wales.

Also making Lampeter stand out amongst other country towns is St. David's College, Lampeter. Now a part of the University of Wales Trinity St. David, the College was founded in 1822 and is the oldest degree-awarding institution in England and Wales after Oxford and Cambridge. It is also the first place in Wales where Rugby Football was played. A walk around the college grounds is a delight.

Amongst many other attractions, the visitor will find the Jen Jones Welsh Quilt Centre, housed in the Old Town Hall, of great interest, the Calico Kate fabric shop and a small museum on College Street displaying various aspects of the town's history.

Lampeter is known for its small, independent, quality, retail outlets catering for the shoppers' every need, and there is ample choice of excellent cafes, restaurants, and pubs for daytime eating.

THINGS TO DO AROUND LAMPETER

Explore one of Wales's most beautiful counties, Ceredigion and discover the outdoors, from the magnificent Cambrian mountains, the last wilderness of Wales to lush forests and wild rivers.

- **The Wales Way** is three national routes – **The Coastal Way**, **The Cambrian Way** and **The North Wales Way** – that lead you on a journey through some of the Country's most striking scenery along the coast, across castle country, and through our mountainous heartland.
 - www.visitwales.com/inspire-me/wales-way
 - www.discoverceredigion.wales/the-wales-way-the-coastal-way
 - **The Coastal Way** – runs the entire length of Cardigan Bay. It's a 180-mile (290km) odyssey that threads between blue seas and big mountains.
 - **The Cambrian Way** – is a complete north-south journey along the mountainous spine of Wales, running for 185 miles (300km) from coast to coast.
 - **The North Wales Way** – leads 75 miles (120km) past mighty castles, following the old trading route, along our northern coast into Anglesey.

- **Celtic Routes** are a way of discovering southwest Wales and South East Ireland. The landscapes of these corners of Wales and Ireland are almost mirrored images of each other, with only the sea dividing them. Both coastlines are characterised by long, unspoilt beaches and secret coves, which then give way to lush, rolling countryside and, rising in the distance, dramatic mountain ranges. Celtic Routes is a Wales-Ireland partnership between the coastal communities of Carmarthenshire, Ceredigion and Pembrokeshire, and Irish counterparts Wicklow, Wexford, and Waterford. Come and feel the force of nature in every mountain, river, tree, and rock.
 - www.discoverceredigion.wales/celtic-routes

- The coast is just a stone's throw away so don't miss visiting some of the best fishing villages and beaches West Wales has to offer.
 - Waterfall beach at Tresaith
 - Beautiful hidden cove and ancient church at Mwnt
 - Spacious golden sands at Penbryn beach
 - Sandy cove and cliff walks at Llangrannog
 - Harbour village at Aberaeron

DOG FRIENDLY

YOUR FOUR-LEGGED COMPANIONS

At Evangelisa we are happy to provide dog-friendly accommodation and welcome your well-behaved four-legged travel companions to stay with us. As dog lovers ourselves, we know how important it is for your furry family members to join you on your break away. We believe there is a big difference between just being dog-tolerant and being truly dog-friendly. We pride ourselves on providing welcoming accommodation for your four-legged friends and being the perfect base for the many miles of dog walks West Wales has to offer. To cover additional costs, we do make a small charge per dog per night.

We provide bowls, towels, treats and poop bags, [we can dispose of these too, please just ask]. Well-behaved dogs are permitted throughout our home. We do kindly request that they are not allowed onto the beds or furniture. Please do not leave your dog unattended in the room unless they are crated and for safety reasons please let us know they have been left and for how long you will be gone. We find that most of our hound guests prefer their own beds, but we have a spare should you find you don't have one with you.

If after a great doggy day of exploration, you find your dog in need of a wash down, then please just ask as we have a hosepipe available in our private area.

A mini fridge is provided in your room should you need to keep dog food chilled. If you require additional storage or somewhere to prepare your dog's food, then again, please just ask.

DAMAGES

We understand that sometimes accidents happen! Should your dog(s) cause any damage or breakages, please let us know immediately. If it's minor we usually won't charge. If it's a larger issue, we would like to agree on the cost with you before you leave. Thank you.

For a longer local walk, again turn right out of Evangelisa and head out of the town. You will pass the Murco petrol station on your right, then once you have crossed over the stone road bridge, you will come to a waymarker and wooden steps on your left. This footpath leads over 3 fields down to the River Teifi. From here you can turn left over a wooden bridge and follow the river back into Lampeter at the opposite end of the town.

- National Resources Wales – at the very top of Trefilan SA48 8QZ
- Penbryn Beach – SA44 6QL

THE DOG WALKING CODE

For safe and happy walks with your dog, and to avoid causing problems for others:

- Ensure your dog is under effective control, which means:
 - you have a short lead with you and use it when needed (around livestock, near cliff edges or where signage requests it)
 - you do not let your dog off the lead unless you keep it in sight and close enough to come back to you on command
- Prevent your dog from approaching horse riders, cyclists, or other people and their dogs uninvited.
- Keep your dog with you on paths or access land and don't let it stray into crops including fields of grass, fruit, and vegetables.
- Never let your dog worry or chase wildlife or livestock. Follow the advice on local signs to reduce disturbance to plants and animals.
- Stay **SAFE** around farm animals and horses:
 - ✓ Stop, look, and listen before entering a field; be aware of any animals present
 - ✓ Always keep your dog on a short lead
 - ✓ Find the safest route around animals, giving them plenty of space and using paths or access land where possible
 - ✓ Exit the area calmly and quickly if threatened, releasing your dog to make it easier for you both to reach safety
- Always bag and bin your dog's poo wherever you are. You can use any public waste bin or your bin at home.
- Never leave bags of dog poo lying around, even if you intend to pick them up later. Containers and deodorised bags can make them easier to carry.
- Ensure your details are on your dog's collar and it is microchipped, so you can be reunited quickly if it is lost.

DOG-FRIENDLY BEACHES

Only a relatively small proportion of the beaches around the Welsh coast allow dogs all year round. In general, the beaches have restricted and designated areas between May 1 and September 30. The good news is that many beaches welcome responsible dog owners outside of the summer between October 1 and April 30.

Visit **The Beach Guide** or **Discover Ceredigion** which both provide information on which beaches are dog friendly and where dogs are restricted to save you a wasted journey.

Cycling and mountain biking in Ceredigion is a fantastic way to experience our great outdoors, whether you'll want to be on or off-road, mountain biking trails or gentle rides along country lanes – there's plenty to choose from.

Designated routes are linked with the **Sustrans National Cycle Network** and can form part of a more extensive cycling trip.

- **Rheidol Trail** a 17-mile (28km) trail from Aberystwyth, along the Rheidol river valley to Devil's Bridge
- **Aeron Trail** a 2-mile (4km) way-marked trail along a designated cycle path and quiet country lanes, following the Afon Aeron taking you from the harbour town of Aberaeron up the Vale of Aeron to the historic National Trust Property at Llanerchaeron.
- **Cardi Bach Trail** a 5-mile (9km) route following the former railway line and quiet lanes along the southern banks of the Teifi to the Teifi Marshes Wildlife Centre
